

“Trigger” Warning:
Antimilitarism

A black and white close-up photograph of Albert Einstein's face. He has a full, slightly messy grey beard and mustache. His eyes are looking slightly to the left of the camera with a thoughtful expression. The lighting is soft, highlighting the wrinkles on his forehead and around his eyes.

My pacifism is not based on any intellectual theory but on a deep antipathy to every form of cruelty and hatred.

Movie recommendation:

Иди и смотри - Come and See

1985 Soviet anti-war film about the Nazi-German occupation of Belarus.

Wikipedia: *The film mixes hyper-realism with an underlying surrealism, and philosophical existentialism with poetical, psychological, political and apocalyptic themes.*
